### PROGRAM

A webinar discussion covering the rising importance of ESG in investment decisions and how corporates can be better prepared. We are planning to cover the latest trends in the ESG world. Topics will include:

- The increasing importance of ESG ratings agencies and the ESG ratings agency landscape
- How ESG data is increasingly integrated in buy-side investment decisions
- Tips for overcoming common ESG investor relations challenges
- The view from the buy-side in periods of heightened market volatility and uncertainty
- How the issuers are dealing with ESG investors

### SPEAKERS:

**Gema Esteban Garrido**, ESG Investors Director, **Telefonica**

**Daniel Jarman**, Vice President Responsible Investment, **BMO Global Asset Management**

**Patrick Hughes**, Director, **Nasdaq IR Intelligence**

**Tomás Conde**, ESG Senior Advisor, **AERI (Moderator)**
